

Safety Harness Use

Course Duration: Short Duration Course

The Personal Protective Equipment at Work Regulations 1992 requires employers maintain fall arrest equipment in good repair. In addition, the Work at Height Regulations 2005 require that equipment should be inspected prior to use and used correctly.

LTC Training Services Ltd safety harness use course will provide candidates with the knowledge to fit and use harnesses and lanyards safely and correctly.

Please Note: LTC Training Services Ltd also offer a Safety Harness Use and Inspection course. See separate course description for further details.

Aim and Objectives:

By the end of the course candidates will have the basic theoretical and practical knowledge to be able to correctly select and use fall restraint and fall arrest and equipment and carry out a pre-use inspection of their equipment.

By the end of the course candidates will:

- Be aware of the relevant health and safety regulations and the employers and employees' responsibilities regarding the use of harnesses
- Be able to safely put on, wear and work with harnesses

Course Content:

- Legal overview
- Hierarchy of measures for PPE
- Identifying and selecting types of fall arrest/restraint systems
- CE – marking
- Care, maintenance and storage of harnesses
- Correct fitting of harnesses
- Anchor points and connectors
- Practical assessment
- Multi-choice question paper
- Course evaluation
